

PRODUCT CATALOGUE

Dear customer,

It's well-known that a case doesn't serve to protect your phone only. It lets you stand out in the crowd! Our cases are created with passion for incredible patterns and intense colors. We are a young team keeping track of technology, we know what's hot. Therefore, our offer is intended for those who appreciate quality the same as unique and unrepeatable aesthetics.

We are perfectionists. Cases of our production feature quality and focus on the smallest details. We guarantee your phone will be protected in the best way possible: you can put your phone in a pocket, bag or rucksack and won't have to worry about any scrapes or scratches.

Do you want your phone to advertise your company — your company's business card? We'll make such case for you with pleasure. Our cases suit the majority of popular phone models on the market. We guarantee perfect match and preservation of ideal phone slimness. The cases we offer are fully manufactured in Poland. We are pleased to present you with our printed products catalogue.

invisible protection

available colours:

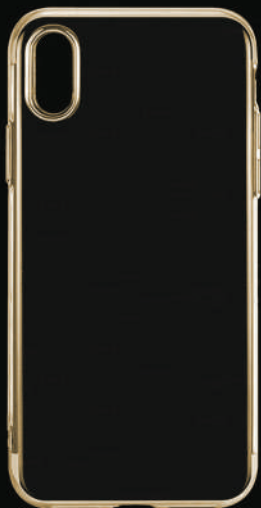

SMOTH CASE

simplicity and convenience

Durable rubber case, 0,5mm thick. It's made of high quality TPU material, which retains its properties — it doesn't deform and keeps its utility values for a long time.
